Subject: revised press release - quick review so I can send to HQ?
Attachments: Dewey Burdock Press Release_Feb 2017.docx

Here's the revised press release - please send changes if you have any.

As far as the schedule: we are now having to clear everything through HQ-OPA so I'll get this to HQ as soon as Rich sees it. Today/Monday. Hopefully it will not be delayed by too much if you want me to issue it next week but no promises....

Lisa
